

24 January 1966

DDS and DDP STAFF MEETINGS

DDS Staff Meeting, Tuesday, 18 January 1966

25X1A 1. [REDACTED] made a presentation on the "lost generation," by which he meant principally GS-13s who are roughly in the same age group as officers in higher grades. On an average, the difference between GS-13s and GS-17s in age is 6.2 years. The average ages for GS-18s is 53.5, for GS-17s is 49.9. According to [REDACTED] statistics, of the Agency's [REDACTED] 25X9 will never make GS-15. One of his principal points is that we are picking for training midcareer officers, men who are too old to achieve GS-15.

2. Bob Bannerman asked each office to review its personnel situation in terms of key officers and to project how our personnel picture, from this point of view, will look in the next five years. He feels that our replacement of unit chiefs should be the key feature of our personnel review for the longer haul. (ACTION: DDTR)

25X1A 3. [REDACTED] made a plea for more articles for the "Support Bulletin." Current issues are falling 50% short. All DDS offices are encouraged to provide material for articles.

4. Somehow, reference was made to a pamphlet produced by the Government Printing Office on Programmed Instruction. [REDACTED] for Baird). 25X1A

25X1A 5. All offices were asked to review the weather emergency notice, [REDACTED] each office is to update its plan and give the revised version to [REDACTED] (ACTION: XO/TR and [REDACTED]) 25X1A

6. The Medics have formed a Committee on Alcoholism. The Agency suffered 50 cases of arrested personnel during 1965. These were cases of bad accidents in which personnel who had been drinking were involved.

DDP Staff Meeting, Wednesday, 19 January 1966

1. The DCI had a lengthy meeting with President Johnson a day or two before the Staff Meeting. The President arranged for the DCI to leave through a room where he could be seen by the Press as part of the President's inner circle.

2. Admiral Flukey is to become the new Director of Naval Intelligence. He is a submariner, holds the Medal of Honor and four Navy Crosses. He is considered a fine person with what is obviously a brilliant, naval record. He has had no previous significant intelligence experience.

SECRET

(Con't. DDP Staff Meeting)

3. The SR Division and FE, [REDACTED] will participate in the coordination of all new RMDs to overseas stations in line with DDP's increased emphasis on Soviet and Chinese targets.
